Section 100. Purpose and Scope

- (a) These guidelines (Guidelines or guidelines) establish standards, rules, and procedures for the Veterans Housing and Homelessness Prevention Program (VHHP) authorized pursuant to the Veterans Housing and Homeless Prevention Act of 2014 (the Act), as set forth in Article 3.2 (commencing with Section 987.001) of Chapter 6 of Division 4 of the Military and Veterans Code. The Guidelines interpret and make specific the following provisions of the Military and Veterans Code: Sections 987.005, 987.007, 987.008. The Act relies on and references provisions of the Veterans Housing and Homeless Prevention Bond Act of 2014 (the VHHP Bond Act), as set forth in Article 5y (commencing with Section 998.540) of Chapter 6 of Division 4 of the Military and Veterans Code. The Act and the VHHP Bond Act were enacted pursuant to Statutes 2013, chapter 727, sections 1 and 3 (AB 639). The Act relies on and references provisions of Sections 4, 5, 6, 7, and 8 of AB 639, which amend the following sections of the Health and Safety Code: 50408, 50501, 50505, 50510, and 50512. The Guidelines should be interpreted in accordance with all the foregoing references to provisions of AB 639 (even those that are not part of the Act itself) to the extent that the Act relies on those provisions.
- (b) These guidelines are adopted to govern the fourth round of the VHHP Program under the Notice of Funding Availability (NOFA) issued in May 2018.

Section 101. Definitions

All terms not defined below shall, unless their context suggests otherwise, be interpreted in accordance with the meanings of terms ascribed in Subchapter 19 of Chapter 7 of Division 1 of Title 25 of the California Code of Regulations (commencing with Section 8300).

- (a) “Affordable Rental Housing Development” means a structure or set of structures with rental housing units restricted by the Department in accordance with these guidelines, operated under landlord-tenant law, and with common financing, ownership, and management. This term includes Supportive Housing. No more than one of the dwelling units may be occupied as a primary residence by a person or household who is the owner of the structure or structures.
- (b) “Assisted Unit” means a housing unit that is subject to VHHP rent and/or occupancy restrictions as a result of financial assistance provided under the VHHP Program.
- (c) “Case Manager” means a social worker or other qualified individual (see Section 115(b)(3) of these Guidelines) who assists in individualized service planning and the assessment, coordination, monitoring, referral and advocacy of services to meet tenants’ supportive services needs, including, but not limited to, access to medical and mental health services, substance abuse services, vocational training, employment, and crisis management and interventions. Resident service coordinators are not Case Managers. For tenants with Housing and Urban Development - Veterans Affairs Supportive Housing (HUD-VASH) vouchers, the Case Manager for services in accordance with the HUD-VASH program will be the applicable VA Case Manager (or third-party provider selected by the VA).

- (d) “Chronically Homeless” means the same as defined under the federal Continuum of Care Program, at 24 CFR 578.3.
- (e) “Coordinated Entry System” or “CES” means a centralized or coordinated process developed pursuant to 24 CFR Section 578.7(a)(8), designed to coordinate program participant intake, assessment, and provision of referrals. A CES covers the geographic area, is easily accessed by individuals and families seeking housing or services, is well advertised, and includes a comprehensive and standardized assessment tool.
- (f) “CPI” means the Consumer Price Index for All Urban Consumers, West Region, All Items, as published by the Bureau of Labor Statistics, United States Department of Labor.
- (g) “Department” means the California Department of Housing and Community Development.
- (h) “Distributions” means the same as defined in 25 CCR Section 8301(h) of the Uniform Multifamily Regulations.
- (i) “Extremely Low Income” means households with incomes not exceeding 30 percent of area median income, calculated in accordance with Health and Safety Code Section 50106 and published on HCD’s website at <http://www.hcd.ca.gov> as part of the Official State Income Limits.
- (j) “Homeless” means the same as defined under the federal Continuum of Care Program, at 24 CFR 578.3, as may be amended and renumbered from time to time. “Homeless” includes “Chronically Homeless” and “Homeless with a Disability”.
- (k) “Homeless with a Disability” means the same as “Chronically Homeless”, excluding the requirement of having been homeless for a defined period of time.
- (l) “Housing First” means the evidence-based model that uses housing as a tool, rather than a reward, for recovery and that centers on providing or connecting homeless people to permanent housing as quickly as possible. Under the Housing First model, services offered are as needed and requested on a voluntary basis and that do not make housing contingent on participation in services.
- (m) “Lead Service Provider” means the organization that has overall responsibility for the provisions of supportive services and implementation of the supportive services plan in the project. The Lead Service Provider may directly provide comprehensive case management services or contract with other agencies that provide services. For HUD-VASH tenants, the Lead Service Provider will enable the applicable VA Case Manager to administer services in accordance with the HUD-VASH program.
- (n) “Net Developer Fee” means developer fee paid less contributions to the project by the Sponsor or their affiliate of cash or real property.
- (o) “Operating Expenses” means the same as defined in 8301(k) of the Uniform

Multifamily Regulations.

- (q) “Rent” means the same as “gross rent,” as defined in accordance with the Internal Revenue Code (26 USC 42(g)(2)(B)). It includes all mandatory charges, other than deposits paid by the tenant, for use and occupancy of an Assisted Unit, plus a utility allowance established in accordance with Tax Credit Allocation Committee (TCAC) regulations, if applicable. For units assisted under the Housing Choice Voucher (HCV) or similar rental or operating subsidy program, Rent includes only the tenant contribution portion of the contract rent.
- (r) “Sponsor” means the same as defined in Section 8301(s) of the Uniform Multifamily Regulations.
- (s) “SSVF” means the Supportive Services for Veteran Families Program established pursuant to 38 CFR Part 62 and operated by the VA.
- (t) “Supportive Housing” means the same as defined under Health and Safety Code Section 50675.14(b)(2), and refers to Assisted Units.
- (u) “TCAC” means the California Tax Credit Allocation Committee.
- (v) “Transitional Housing” means the same as defined in Section 8301(w) of the Uniform Multifamily Regulations.
- (w) “VA” means the United States Department of Veterans Affairs.
- (x) “Veteran” means any person who served in the active military, naval, or air service of the United States, or as a member of the National Guard who was called to and released from active duty or active service, for a period of not less than 90 consecutive days or was discharged from the service due to a service-connected disability within that 90-day period. This includes all Veterans regardless of discharge status.

Section 102. Threshold Requirements

To be eligible to receive funding, projects must:

- (a) Involve the acquisition and/or construction or rehabilitation of an Affordable Rental Housing Development or Transitional Housing, or the conversion of an existing structure into one of these housing types.
- (b) Restrict occupancy for at least 45 percent of Assisted Units to Extremely Low Income Veterans, with rents not exceeding 30 percent of Area Median Income (AMI), calculated in accordance with TCAC regulations and procedures.

- (c) Restrict occupancy to the greater of 25 percent of total units in the project or 10 units to Veterans, under either VHHP or another public agency program. However, if a project is determined to be rural as defined in Health and Safety Code Section 50199.21, then a minimum of five units must be restricted.

- (d) For projects qualifying as Supportive Housing or Transitional Housing:
 - (1) Utilize a Lead Service Provider with at least four years of experience providing services to homeless people that includes comprehensive case management (individualized services planning and the provision of connections to mental health, substance abuse, employment, health, housing retention, and similar services).
 - (A) This experience must include two years of experience providing services that include comprehensive case management in affordable rental or transitional housing, which can include scattered site housing with multiple owners.
 - (B) Experience must be documented through contracts with public agencies, housing owners or foundations for services provided to at least 10 households at any one time, either in housing projects subject to agreements with public agencies restricting rent and occupancy, or through tenant-based housing assistance programs.
 - (C) If the Lead Service Provider is not part of the ownership entity, the Sponsor must have a written agreement with the Lead Service Provider to implement the Supportive Services Plan, and submit this agreement along with the application for funding. Only the Lead Service Provider may enter into written agreements for services under provisions of the Supportive Services Plan. All service providers must have a written agreement with the Lead Service Provider prior to commencement of services.
 - (1) Except HUD-VASH case management services provided by the VA that are consistent with the HUD-VASH Program requirements are not required to enter into a direct contract with the Lead Service Provider.
 - (D) Any change of the Lead Service Provider or change to the Supportive Services Plan throughout the life of the loan requires prior written approval by the California Department of Veterans Affairs (CalVet).
 - (2) Certify adherence to Housing First property management and tenant selection practices, as described in Sections 112, 113 and 114 of these Guidelines.
 - (3) Satisfy the requirements of Section 115 of these Guidelines regarding supportive services.
 - (4) For projects with more than 20 units, restrict under the VHHP regulatory

agreement no more than half of total project units to households that qualify as either Chronically Homeless or Homeless with a Disability (This limitation shall not be interpreted to preclude occupancy of any project units by persons with disabilities, or restrictions by other funding sources that result in more than half of the total project units being restricted to persons with disabilities.)

- (e) For projects with Assisted Units other than Supportive Housing and Transitional Housing, utilize an organization to provide resident services coordination that has at least 24 months experience in providing this service in publically assisted affordable housing.
- (f) For new construction of Transitional Housing, projects shall have a physical configuration that allows for ready conversion of the Transitional Housing to permanent housing, at minimal costs. Follow the requirements of the federal Uniform Relocation Act, if tenant relocation is necessary.
- (g) Follow the requirements of the federal Uniform Relocation Act, if tenant relocation is necessary.
- (h) Not have commenced construction prior to the VHHP funding award date, excluding emergency repairs to existing structures, with the exception of developments where construction has halted due to a major change in the development plan. Examples of major changes include the conversion of a market-rate development to affordable housing, or the cancellation of redevelopment agency funding commitments, or where limited work has been completed to meet the requirements of a project-based HUD commitment.
- (i) Involve a Sponsor with a long-term, controlling interest in the project that has successful prior experience developing and owning at least two affordable rental or transitional housing developments that are subject to agreements with public agencies restricting rent and occupancy. If at least 35 percent of the Assisted Units in the proposed project will be Supportive Housing and/or Transitional Housing, this requirement may be satisfied if the Sponsor has a developer partner with the required development experience, and if the Sponsor has owned or operated at least two affordable rental or transitional housing developments that are subject to agreements with public agencies restricting rent and occupancy.
- (j) Involve a development site that has reasonable accessibility to public transit, public schools, public parks or other public recreational facilities, and is of reasonable proximity to services and amenities for the proposed tenant population. The development site must also be within reasonable proximity to employment opportunities available to the tenant population. The development must give consideration to the hours that the services and amenities are available and the frequency, travel time, and cost of transportation to the tenants. The criteria used to establish reasonable accessibility and reasonable proximity are specified in Section 111(h) Location Efficiency and Access to Destinations of these Guidelines. To be eligible pursuant to this subsection, the Sponsor must provide documentation verifying the foregoing requirements. Such documentation must be satisfactory to the Department.

- (k) Involve a development site controlled by the Sponsor at the time of application as detailed in 25 CCR 8303, with the exception that the Sponsor shall maintain site control through the time of proposed construction loan closing. The length of time pursuant to Section 102(k) of these Guidelines replaces the minimum length of time as detailed in 25 CCR 8303(a)(3).
 - (1) Site control is an element of readiness to proceed. The Sponsor must also demonstrate a readiness to proceed with a minimum of 13 points pursuant to Section 110(d)(3) and Section 111(f) of these Guidelines.
- (l) Demonstrate clear market demand for the proposed project and target population, through waiting lists and low vacancy rates for comparable projects serving similar tenants, statistical information from the Veteran's Administration, the local Continuum of Care, or other similar information.
- (m) Have reasonable development costs (not counting capitalized reserves) as compared to other similar projects in the area of the project site, and adequate development sources to cover these costs.
- (n) Ensure compliance with the Disabled Veteran Business Enterprise (DVBE) and veteran hiring requirements set forth in Section 109 of these Guidelines.
- (o) Meet the occupancy requirements set forth in Section 104, the underwriting standards set forth in Section 106, the fee limitations in Section 107, and otherwise comply with these guidelines. Achieve the minimum point score specified in Section 110(d)(3). All sections referenced in this subsection are sections of these Guidelines.
- (p) Stacking Unit-Based Subsidies
 - (1) Stacking of multiple HCD funding sources on a VHHP Assisted Unit is prohibited. The prohibition of subsidy stacking in VHHP refers to the use of multiple funding sources on a single VHHP-assisted unit. Projects may have funding from other HCD programs including programs designed to fund infrastructure such as Infill Infrastructure Grants (IIG) and Affordable Housing Sustainable Communities (AHSC), provided that the funding assistance is to support units other than VHHP-assisted units.
 - (2) As an exception to this Subsection (p)(1), a previously Department-assisted unit is eligible for funding assistance from other HCD programs upon re-syndication, or 14 years from the Placed in Service date noted on the TCAC form 8609 (Placed in Service Package).
- (q) The Sponsor must demonstrate to the satisfaction of the Department that all sources of public assistance to the Project comply with the requirements of Article XXXIV of the California Constitution. Although public assistance to the Project provided pursuant to the VHHP Program is exempt from Article XXXIV pursuant to Health and Safety Code §37001.5(h) (the "VHHP Exception"), Sponsors must demonstrate that other public funding separately satisfies Article XXXIV. The

Department will not regard the VHHP Exception as the basis for Article XXXIV compliance for other public funding sources provided to a VHHP project, even where those sources are used along with VHHP funds toward the same project related support, activities, or development components.

Section 103. Uses and Terms of VHHP Assistance

- (a) VHHP funds shall be used for the development cost categories listed in 25 CCR Section 7304 (a) and (b), and to refinance loans used to cover such costs, except that the limitation on the developer fee specified in Section 107 shall apply, instead of the limitation in Section 7304(b)(9). Notwithstanding the foregoing, VHHP funds shall only be used for capital asset related expenses as required by section 16727 of the Government Code.
- (b) The total amount of VHHP assistance shall not exceed development costs associated with Assisted Units. In determining these costs, the cost allocation rules described in 25 CCR Section 7304(c) shall apply (substituting Assisted Units for Restricted Units).
- (c) VHHP assistance shall be provided as post-construction, permanent loans. VHHP loans shall have an initial term of 55 years or longer to match the period of affordability restrictions under the tax credit program, commencing on the date of recordation of the VHHP loan documents.
- (d) VHHP loans shall be secured by the project's real property and improvements, and subject only to liens, encumbrances and other matters of record approved by the Department, consistent with 25 CCR Section 8315. Projects with ground leases shall be subject to 25 CCR Section 8316.
- (e) VHHP loans shall have the following terms:
 - (1) They shall bear simple interest at the rate of three percent per annum on the unpaid principal balance, unless the Department reduces this rate pursuant to Health and Safety Code section 50406.7. Interest shall accrue from the date funds are disbursed to or on behalf of the borrower.
 - (2) For the first 30 years of the loan term, annual payments in the amount of 0.42 percent of the outstanding principal loan balance shall be payable to the Department. After 30 years, the Department may reset the required payment amount to cover its monitoring costs.
 - (3) Except for the required 0.42 percent loan payment, and if the borrower is not in default, the Department shall permit the deferral of accrued interest for the term of the loan, except for the payments described in Section 108.
 - (4) Maximum per-unit loan amounts shall be in accordance with 25 CCR 7307 substituting Assisted Units for Restricted Units, and with initial base amounts set at:
 - (A) \$45,000 for nine-percent tax credit projects.

(B) \$125,000 for projects that do not use nine-percent tax credits.

Section 104. Occupancy Requirements

- (a) Occupancy of all Assisted Units shall be restricted to households including one or more veterans with incomes at time of move-in not exceeding the limits approved by the Department and specified in the VHHP regulatory agreement. The maximum income limit at move-in shall be 60 percent of Area Median Income.
- (b) If the Veteran who qualified for a household for occupancy moves out, and household members remain, the unit shall still be considered an Assisted Unit, unless the qualifying Veteran's occupancy was for less than three months, or there is evidence that the Veteran's occupancy was intended to be for a short duration.
- (c) Occupancy of units designated as Supportive Housing or Transitional Housing shall be further restricted to households that include Veterans who are Homeless, Homeless with a Disability, or Chronically Homeless, as approved by the Department and specified in the VHHP regulatory agreement. Sponsor shall maintain documentation of eligibility consistent with federal regulations implementing the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009.
- (d) Any occupancy restrictions based on conditions of separation from military service are subject to Department approval.
 - (1) Projects may only restrict occupancy to Veterans who separated from military service under certain conditions (e.g. under other than dishonorable conditions), or who qualify for VA health care, when required by a public agency funding source.
 - (2) In any case, a minimum of 10 percent of Assisted Units shall be prioritized for occupancy by Veterans who are ineligible for VA health care and/or HUD-VASH.
- (e) Occupancy requirements shall apply for the full term of the VHHP loan. In the event the Department determines, and CalVet concurs, that there no longer sufficient Veterans eligible for one or more categories of households eligible for Supportive Housing or Transitional Housing, based on evidence from the local Continuum of Care, the VA, the local Point-in-Time count of persons experiencing homelessness, and similar sources, the Department may adjust the occupancy requirements for these units, but only to the minimum extent required for project feasibility, and not sooner than five years from the date of the VHHP loan closing. The Department shall periodically evaluate the need for continuing any adjustments made to the original occupancy requirements, and may modify these adjustments over time or reinstate the original requirements.

Section 105. Rent Limits

Assisted Unit Rent limits shall be the same as specified in 25 CCR Section 7312, except that:

- (a) Rent limits for units restricted to Extremely Low Income Households shall not exceed the TCAC 30 percent AMI Rent limit.
- (b) The minimum amount of the transition reserve for renewable project-based rental assistance described in subdivision 25 CCR 7312(f) shall be the amount sufficient to prevent Rent increases for one year following the loss of the rental assistance, instead of two years. The minimum amount of the transition reserve for non-renewable project-based rental assistance or operating subsidies shall be the amount sufficient to prevent rent increases for two years following the loss of the rental assistance. Transition reserves may be capitalized or funded from annual project cash flow.

Section 106. Underwriting Standards

- (a) In analyzing feasibility for Affordable Rental Housing Developments, the following assumptions and criteria shall be used:
 - (1) Residential vacancy rates shall be assumed to be five percent, unless a different figure is required by another funding source (including TCAC), or supported by compelling market evidence.
 - (2) Commercial vacancy rates shall be in accordance with 25 CCR Section 8310(b).
 - (3) All operating expenses, including property management fees, shall be within the normal market range for the area, as determined based on comparison with similar affordable housing projects.
 - (4) Supportive services coordination costs paid out of operating income as a project operating expense shall not exceed the limits specified in Section 108(c).
 - (5) Asset and partnership management fees paid to the Sponsor prior to Sponsor distributions shall not exceed the limits specified in Section 107(c).
 - (6) First year debt service coverage ratio limitations and exceptions to those limitations shall be in accordance with 25 CCR Section 8310(e) and 8310(e)(2)(A) through (D), except as modified below:
 - (A) In applying the requirements of subsection 8310(e)(1) and 8310(e)(2), the annual program loan payment of 0.42 percent of the VHHP loan amount will be considered debt service.
 - (7) The project must demonstrate a positive cash flow in accordance with 25 CCR Section 8310(i).

- (8) Balloon payments are not allowed unless the project meets the exceptions as listed under 25 CCR Section 8310(f) and 8310(g).
 - (9) Variable interest rate debt shall be underwritten in accordance with 25 CCR Section 8310(h).
 - (10) Reference 25 CCR Section 8313(a) for VHHP compatibility provisions.
- (b) In analyzing the feasibility of Transitional Housing, factors to be considered shall include:
- (1) The experience of the Sponsor and its partners with similar projects, and the current financial viability of these projects.
 - (2) The experience of the Sponsor and its partners with obtaining government contracts to cover operations and services costs for similar projects, and with the specific government funding sources identified for the proposed project.
 - (3) The likelihood the identified sources of funds to cover operating costs and services, and particularly government contracts, will continue to be available for the proposed project over time.
 - (4) The financial condition of the Sponsor as measured by indicators such as amounts and trends in organizational net income, net assets, unrestricted net assets, and current ratio.
 - (5) The reliability of project operating projections, including the adequacy of projected operating expenses, as compared to other similar projects, and whether they show at least breakeven operation over time.

Section 107. Fee Limits

- (a) For projects utilizing low income housing tax credits, Net Developer Fee shall not exceed the amount that may be included in the basis under TCAC's rules for nine percent low-income housing tax credits, plus any amount allowed by TCAC for non-residential space.
- (b) For projects not utilizing low-income housing tax credits, Net Developer Fee shall not exceed the amount allowed under 25 CCR Section 8312.
- (c) Asset management, partnership management and similar fees paid to the Sponsor or an affiliate on a priority basis shall be in accordance with 25 CCR Section 8314.
- (d) The Department may modify the requirements of subsection (a) to conform to the requirements of other funding sources, if the VHHP loan does not exceed the lesser of \$1,500,000 or 15 percent of total project development costs.

Section 108. Use of Operating Cash Flow

- (a) Regarding allowable uses of operating cash flow, the Department shall follow

underwriting requirements commencing with 25 CCR Section 8314 (a) through (c) (Use of Operating Cash Flow).

- (b) Where there is a difference between the provisions of the UMRs and these Guidelines, the provisions of these Guidelines shall prevail.
- (c) For 2018, supportive service coordination and case management costs paid as a project operating expense shall not exceed the following amounts:
 - (1) \$4,245 per unit per year for Supportive Housing units restricted to Veterans who are Chronically Homeless, and units restricted to persons who are Chronically Homeless by another public agency program.
 - (2) \$3,184 per unit per year for Supportive Housing units restricted to Veterans who are Homeless with a Disability, and other units restricted to persons who are Homeless with a Disability.
 - (3) \$1,380 per unit per year for units restricted to Extremely Low Income households, but not to Veterans who are Chronically Homeless or Homeless with a Disability.
 - (4) \$796 per unit per year for other units.

These maximum amounts shall be increased each year after 2018 at the rate of two percent per year.

Section 109. Miscellaneous Requirements.

- (a) Entities certified by the California Department of General Services as Disabled Veteran Business Enterprises (DVBEs) shall receive an amount at least equal to five percent of total construction costs for work performed or supplies provided for each project.
 - (1) As part of the application for VHHP funds, applicants shall submit a utilization plan describing how the five percent minimum requirement will be satisfied, including:
 - (A) Identification of a plan administrator responsible for implementing the plan and ensuring achievement of the five percent minimum requirement; and
 - (B) Description of all known methods to be used to ensure DVBE participation, including advertising, solicitations and preferences.

Applicants and their DVBE Plan Administrator must contact CalVet for assistance in locating DVBEs.

- (2) Prior to the commencement of construction, the Sponsor shall submit a report to the Department and CalVet on DVBE plan implementation. This report will include:

- (A) The total amount budgeted for construction costs;
 - (B) The names and addresses of DVBE contractors, subcontractors and suppliers that have received or are scheduled to receive payment, together with the amount paid or scheduled to be paid to each; and
 - (C) If the report does not show achievement of the five percent minimum requirement, documentation that the Sponsor has requested assistance with recruiting DVBEs from CalVet, and documentation of all of its attempts and methods used to ensure DVBE participation.
 - (D) If the Sponsor fails to achieve the five percent minimum requirement, the Department may award negative points for subsequent applications pursuant to Section 111(a)(3)(B) of these Guidelines. To avoid the assessment of the negative point penalty, the Sponsor must be granted a waiver from CalVet.
- (3) Upon completion of construction, and prior to the VHHP loan closing, the Sponsor shall submit a report similar to the one described in the preceding subsection, detailing actual payments to DVBEs. If the five percent requirement has not been met, the Sponsor must provide documentation of its requests for assistance with recruiting DVBEs from CalVet, and all of its attempts and methods used to ensure DVBE participation.
- (b) Sponsors shall make good faith efforts to hire Veterans for development, construction, and related jobs associated with the Project.
- (1) As part of the application for VHHP funds, applicants shall submit a plan describing how this requirement will be satisfied. The plan may include registering with Helmets to Hardhats, working with local Homeless Veteran Reintegration Programs, entering into First Source Hiring Agreements with local America's Job Centers of California Agencies (formerly One Stop Centers), and/or subcontracting with DVBEs and other entities that hire Veterans.
 - (2) Upon completion of construction, and prior to the VHHP loan closing, the Sponsor shall submit a report on plan implementation, including the number of Veterans hired.
- (c) Labor Code Section 1720 et seq. requires payment of prevailing wages for certain developments paid for in whole or in part from any public funding source, and exempts other developments from this requirement. All funds provided under VHHP are public funds within the meaning of these Labor Code sections. VHHP funding of a portion of a project shall not necessarily, in and of itself, be considered public funding of the entire project. Each applicant shall be responsible for determining on a case-by-case basis the extent of applicability of state prevailing wage law to its individual project.
- (d) The unit standards set forth in Section 25 CCR 8304 shall apply.
- (e) Projects must meet the accessibility requirements specified in the TCAC

regulations, as may be amended and renumbered from time to time, including those of Section 10325(f)(7)(K) and, for senior projects, those of Section 10325(g)(2)(B) and (C). Exemption requests, as provided for in the TCAC regulations, must be approved by the Department. Projects must also provide a preference for accessible units to persons with disabilities requiring the features of the accessible units in accordance with Section 10337(b)(2) of the TCAC regulations.

- (f) Sponsors must establish and maintain a contingent operating reserve meeting the requirements of 25 CCR Section 8303, and a replacement reserve meeting the requirements of 25 CCR Section 8309.

Section 110. Application Process

- (a) The Department shall offer funds through a competitive application process, as detailed in a NOFA.
- (b) Applications shall be on forms made available by the Department.
- (c) Applications shall be evaluated for compliance with the threshold and eligibility requirements of these guidelines and the statutes applicable to VHHP and scored based on the application selection criteria listed in Section 111 of these Guidelines. The applications with the highest number of points shall be selected for funding, provided that they meet all threshold and eligibility requirements and achieve specified minimum scores.
- (d) Each project must achieve the minimum overall application (total) score for the applicable project type, as well as minimum scores in the Supportive Service Plan and Readiness to Proceed scoring categories, as follows:
 - (1) Overall application:
 - (A) 110 for projects with Supportive Housing;
 - (B) 90 for projects with Transitional Housing but not Supportive Housing; and
 - (C) 75 for all other projects.
 - (2) Supportive Services Plan (Section 111(c) of these Guidelines):
 - (A) 15 for projects that include Supportive Housing or Transitional Housing; and
 - (B) 7 for projects that do not include Supportive Housing or Transitional Housing.
 - (3) Readiness to Proceed (Section 111(f) of these Guidelines): 13
 - (4) Leverage of Rental or Operating Subsidies: 4

- (e) Applications selected for funding shall be approved subject to conditions specified by the Department.
- (f) The Department may adjust this procedure as follows:
 - (1) It may elect to not evaluate compliance with some or all eligibility requirements for applications that are not within a fundable range, as indicated by a preliminary point scoring.

Section 111. Application Selection Criteria

The criteria detailed below and summarized in the following table shall be used to rate applications. In the event of tied point scores, the following tie breakers shall be used to determine which project is selected for funding, in the order listed:

1. The percentage of Assisted Units restricted as Supportive Housing for Chronically Homeless Veterans;
2. The Readiness to Proceed point score, pursuant to subsection 111(f) of these Guidelines;
3. The percentage of Assisted Units with two or more bedrooms that have an occupancy preference for households with children;
4. The Supportive Services Plan point score, pursuant to subsection 111(e) of these

Guidelines; and

5. The ratio of permanent development funding attributable to Assisted Units from sources other than state subsidy programs to the amount of requested or committed state subsidy. In computing this ratio, tax credit equity and CalHFA senior debt financing shall not be considered state subsidy, while the VHHP loan and other similar grant and below-market loan programs shall be considered state subsidy.

Section 116. Vulnerable Populations Best Practices

The following best practices should be incorporated in the construction of projects that receive funding from VHHP as much as possible. These best practices work to further the safety and physical and mental well-being of residents within a project.

Veterans experiencing low income or homelessness are already vulnerable and within this population there are those still more vulnerable than others, such as children, elderly, and/or persons with a history of trauma (e.g. military sexual trauma, domestic violence).

(a) General best practices for all developments:

(1) Safety features:

- (A) Site selection and development of the project should consider the safety concerns of the prospective veteran tenants.
- (B) Building entrance and exit points should only allow admittance to residents or guests that residents admit.
- (C) Common areas within the project should be oriented so as to have:
 - (1) Two ways to enter or exit the area;
 - (2) Visibility to the area from outside of it, i.e. windows in walls or doors; and
 - (3) A centralized location, to the extent possible.
- (D) Safety lighting that reduces or eliminates blind or dark spaces where people can hide.

(2) Property Management:

- (A) Policies to support an on-call staff member or 24-hour availability of staff from the property management company.
- (B) Post in common areas and annually review with tenants the project's Grievance Policy. The Policy should include procedures for grievances with management staff or contractors and the process by which the tenant may elevate the complaint.

(b) Most Vulnerable Population Best Practices – this is for those populations that have a history of trauma or are more easily taken advantage of such as, children, elderly,

and domestic violence and military sexual trauma survivors.

- (1) Safety Features incorporate all of the General Best Practices and include the following:
 - (A) The project is designed in such a way as to provide separate and secure floors, wings, or buildings for this tenant population. These separate and secure areas should restrict access to only the residents in the secured area.
 - (B) For mixed-gender projects that will also be serving women with a history of domestic violence or sexual trauma:
 - (1) Designate at least 25 percent of the Assisted-Units will be for women with a history of domestic violence or sexual trauma and or women with children, thereby ensuring women are not a small minority of the tenancy.
 - (2) Design projects to provide separate and secure floors, wings, or buildings for women with a history of domestic violence or sexual trauma and or women with children. These separate and secure areas should restrict access to only the residents in the secured area.
 - (C) Security cameras:
 - (1) At entrances, exits and common areas (including hallways, elevators, and stair wells);
 - (2) Written policy on the use of the cameras to specify who has access to see the videos, who monitors the surveillance, and under what conditions would the footage be released to the authorities; and
 - (3) Camera recordings should be maintained for at least 30 days.
 - (D) Visitor policy that clearly defines the policies for visitors, to include the hours visitors are allowed on the property and physical spaces visitors may access. This policy is to be posted in public areas for resident awareness and reviewed with resident at the time the lease is signed.
- (2) Property Management:
 - (A) Policies to support an on-call staff member or 24-hour availability of staff from the property management company.
 - (B) Post in common areas and annually review with tenants the project's Grievance Policy. The Policy should include procedures for grievances with management staff or contractors and the process by which the tenant may elevate the complaint.

- (C) The project should have 24-hour security and, for projects serving female Veterans, female security guards to the extent possible.

Section 117. Reporting Requirements

- (a) Not later than 90 days after the end of each project's fiscal year, the Sponsor shall submit an independent audit of the development prepared by a certified public accountant and in accordance with the Department's current audit requirements.

 - (1) Sponsors shall report client data on local Homeless Management Information Systems (HMIS), if the systems are available in the jurisdiction of the project, and must comply with local Continuum of Care HMIS requirements.
 - (2) Sponsors shall report annually on the sources of tenant referrals for the project, and submit both client data and performance outcome data to CalVet. Client data may include demographic characteristics of the veteran and their family, educational and employment status, and veteran-specific information such as disability ratings, type of discharge, branch and era of service, and VA health care eligibility. Performance outcome data may include information on housing stability, housing exit information, tenant satisfaction as measured in a survey, and changes in income, benefits and education.
- (c) For all Assisted Units, Sponsors will be required to submit annual compliance reports similar to reports annually submitted to the Department under the Multifamily Housing Program, with additional veteran-specific data.

Section 119. Legal Documents

The Standard Agreement shall require the Sponsor to comply with the requirements and provisions of the Act, these Guidelines, and generally applicable state contracting rules and requirements. The Standard Agreement shall encumber state monies in an amount no more than as established in the NOFA, and said amount shall be consistent with the application and corresponding award letter. The Standard Agreement shall contain the terms necessary to ensure the Sponsor complies with all VHHP requirements, including but not limited to, the following:

- (a) Requirements for the execution of a promissory note, operating reserve agreement, or other project-specific contracts as may be applicable;

- (b) Requirements, where appropriate, for the execution and recordation of covenants, regulatory agreements, or other instruments restricting the use and occupancy of and appurtenant to the project and the property thereunder (for the purposes of these guidelines all such documents are collectively herein referred to as the VHHP regulatory agreement);

If the breach or violation is not cured to the satisfaction of the Department within the specified time period, the Department, at its option, may declare a default under the relevant document(s) and may seek legal remedies for the default including the following:
 - (1) The Department may accelerate all amounts, including outstanding principal and interest, due under the loan and demand immediate repayment thereof. Upon a failure to repay such accelerated amounts in full, the Department may proceed with a foreclosure in accordance with the provisions of the deed of trust and state law regarding foreclosures.

The Department, in writing and upon demonstration by the Sponsor of good cause, may extend the date for compliance with any of the conditions in this Subsection.

- (d) Upon receipt of a notice from the Department of intent to cancel the loan, the Sponsor shall have the right to appeal to the Director.

Such defaults may include defaults or impending defaults in payments on mortgages, failures to pay taxes, or failures to maintain insurance or required reserves. The payment or advance of funds by the Department pursuant to this Subsection shall be solely within the discretion of the Department and no Sponsor shall be entitled to or have any right to payment of these funds. All funds advanced pursuant to this Subsection shall be part of the VHHP loan and, upon demand, due and payable to the Department. Where it becomes necessary to use state funds to assist a project to avoid threatened defaults or foreclosures, the Department shall take those actions necessary, including, but not limited to, foreclosure or forced sale of the project property, to prevent further, similar occurrences and ensure compliance with the terms of the applicable agreements.
