**AFFORDABLE HOUSING AND SUSTAINABLE COMMUNITIES PROGRAM  
NOTICE OF FUNDING AVAILABILITY  
FY 2015-16**

**PROGRAM DESCRIPTION**

**A. Introduction**

The Strategic Growth Council (SGC or Council) and the Department of Housing and Community Development (HCD) are announcing the availability of approximately \$320 million in funding for the Affordable Housing and Sustainable Communities (AHSC) Program. The AHSC Program furthers the purposes of [AB 32](#) (Chapter 488, Statutes of 2006) and [SB 375](#) (Chapter 728, Statutes of 2008) by investing in projects that reduce GHG emissions by supporting more compact, infill development patterns, encouraging active transportation and transit usage, and protecting agricultural land from sprawl development. Funding for the AHSC Program is provided from the Greenhouse Gas Reduction Fund (GGRF), an account established to receive Cap-and-Trade auction proceeds.

The AHSC Program is administered by SGC. HCD will implement the transportation, housing and infrastructure component of the AHSC Program. SGC will coordinate efforts with HCD, working with the California Air Resources Board (ARB), to administer the broader AHSC Program, which includes the Sustainable Agricultural Land Conservation (SALC) Program.

**B. Program Summary**

The AHSC Program will assist Project Areas, as defined, by providing loans or grants, or any combination thereof, to projects that will achieve GHG emissions reductions and benefit Disadvantaged Communities through increasing accessibility of affordable housing, employment centers and key destinations via low-carbon transportation resulting in fewer vehicle miles traveled (VMT) through shortened or reduced trip length or mode shift from Single Occupancy Vehicle (SOV) use to transit, bicycling or walking. Three Project Area types have been identified to implement this strategy:

- Transit Oriented Development (TOD) Project Areas,
- Integrated Connectivity Project (ICP) Project Areas, or
- Rural Innovation Project Areas (RIPA).

Available funds are subject to the AHSC Program Guidelines (Guidelines) issued by SGC and dated December 17, 2015. These Guidelines include detailed information on eligibility requirements and application selection criteria, and may be accessed at <http://www.hcd.ca.gov/fa/ahsc>.

### **C. Eligibility**

Eligible applicant entities shall include any of the following:

1. A Locality, public housing authority, redevelopment successor agency, transit agency or transit operator, Regional Transportation Planning Agency (RTPA), local Transportation Commissions, Congestion Management Agencies, Joint Powers Authority (JPA), school district, facilities district, University or Community College District
2. A Developer or Program Operator

Where a Public Agency has a financial or real property interest in the proposed Project, the application will be required to either include the Public Agency as a joint applicant or otherwise include a commitment to enter into a contractual agreement to develop the Project, if it is awarded.

Applicants are urged to carefully review the Application Threshold Requirements in Section 106 of the Program Guidelines and the list of eligible and ineligible costs in Section 102.

### **D. Loan and Grant Amounts**

The assistance terms and limits are set forth in Section 104 of the Guidelines. They include, but are not limited to, the following requirements:

1. The maximum AHSC Program loan or grant award, or combination thereof, for a TOD, ICP or RIPA Project Area is \$20 million with a minimum award of at least \$1 million for TOD Project Areas and at least \$500,000 for ICP and RIPA Project Areas.
2. A single Developer may receive no more than \$40 million per NOFA funding cycle.

Per the Guidelines Section 104(c), the limitation set forth in (2) above may be waived by HCD if necessary to meet statutorily required Affordable Housing and Disadvantaged Community set-asides as detailed in Section 105(d)(3)(A) and (B).

#### **AHSC Loan Summary**

Loans for rental Affordable Housing Developments, or the rental portions of an Affordable Housing Development, are subject to the following terms:

2. The base loan amount shall be calculated pursuant to 25 CCR 7307 based on the number of Restricted Units in the Affordable Housing Development, affordability, unit sizes, and location according to the 2015 MHP HERA and non-HERA loan limits posted on HCD's website at <http://www.hcd.ca.gov/housing-policy-development/housing-resource-center/reports/state/incnote.html>.
3. For Affordable Housing Developments receiving 4% low-income housing tax credits, \$60,000 per Restricted Unit may be added to the base amount for loan limit calculation purposes.

### AHSC Grant Summary

1. The total Housing-Related Infrastructure Capital Project grant amount is \$35,000 per residential unit in the proposed Affordable Housing Development, and \$50,000 per Restricted Unit as defined in the Guidelines.
2. The total Sustainable Transportation Infrastructure or Transportation-Related Amenities Capital Project grant amount is based on the award limits set forth in Section 104(a) and (b).
3. The total grant amount for Program Costs within a Project Area shall not exceed 30 percent of the funding request for the overall Project up to \$500,000.
4. The total grant amount for homeownership Affordable Housing Developments shall be calculated pursuant to the provisions of the BEGIN Guidelines dated April 21, 2009 located at [http://www.hcd.ca.gov/fa/begin/2009\\_BEGIN\\_Guidelines.pdf](http://www.hcd.ca.gov/fa/begin/2009_BEGIN_Guidelines.pdf).

### **E. Application Scoring**

Applications shall be evaluated based on the criteria set forth in Sections 102 through 107 of the AHSC Program Guidelines.

Applicants invited to submit a full application must complete an AHSC Self-Scoring Worksheet and provide documentation acceptable to HCD that adequately supports the self-score provided. **Full applications that do not include a Self-Scoring Worksheet will not be considered for funding.** Self-Scoring Worksheets must be included within the application at the time of submittal to HCD. No additional information may be added to a full application after submittal.

The highest scoring applications that meet all threshold requirements shall be recommended to the Council for funding. Applications will be funded in descending order. The Council may make adjustments in this procedure to meet the following distribution objectives specified in Section 105(d)(3):

1. At least 50 percent of AHSC Program expenditure for Projects benefitting Disadvantaged Communities (Refer to Appendix E of the Program Guidelines for additional information).
2. At least 50 percent of the annual proceeds appropriated for the AHSC Program shall be expended for affordable housing. For the purposes of this set-aside, expenditures related to Affordable Housing Development and Housing-Related Infrastructure Capital Projects shall count toward this requirement.
3. Target 35 percent of funds available as designated in the NOFA to TOD Project Area applications.
4. Target 35 percent of funds available as designated in the NOFA to ICP Project Area applications.
5. Target 10 percent of funds available as designated in the NOFA to RIPA applications.
6. The remaining 20 percent of available funds may be awarded to any eligible project area type.
7. To the extent applications received are not sufficient to meet TOD, ICP or RIPA Project Area targets detailed in (3),(4) and (5) above, the Council reserves the right to waive these requirements and recommend funding a greater percentage of applications in any of the identified Project Area types.

#### Tie Breaker Criteria

In the event two or more applications have the same rating and ranking scores, the following bonus points will be awarded pursuant to Section 105 (d)(8) in this order of priority until there is no longer a tie:

1. Five bonus points will be awarded to the application located within or benefiting a Disadvantaged Community with the highest percentage range as represented in CalEnviroScreen 2.0.

#### FAAST System Tips

- Sign up for and explore the FAAST tool before beginning work on your application.
- Once you create a log-in, the system will assign a PIN number to the application. Please be sure to write down your PIN number for easy reference.
- Prepare answers in an unformatted text document for editing. Once answers are complete and proofed, cut and paste information into the online application and ensure that your content is displaying correctly and responses are not cut off.
- Use only basic formatting. Extra symbols or layout designs can interfere with completion of the online application.
- Be sure to save your work often. The FAAST tool starts a 90-minute timer each time a user logs into their account. The timer resets to 90 minutes each time a user saves their work to the system. When working in FAAST, you can save work-in-progress at any point, and you can then return to your application at another time.

No applicant may appeal the evaluation of another applicant's application.
- f. Applicants that are also Metropolitan Planning Organizations (MPOs), or affiliated with an MPO, must provide documentation satisfactory to HCD, specifically detailing the MPO evaluation process of the AHSC applications and how that process results in an unbiased evaluation of all AHSC applications. ### **D. State Prevailing Wages**

AHSC Program funds awarded under this NOFA are subject to State prevailing wage law, as set forth in Labor Code Section 1720 et seq. SB 854 (Chapter 28, Statutes of 2014) made several changes to the laws governing how the Department of Industrial Relations (DIR) monitors compliance with prevailing wage requirements on public works projects. No contractor or subcontractor may bid or work on a public works project unless registered with DIR.

State prevailing wage law applies to the Capital Project (for both grants and loans) funded by the AHSC Program. The Capital Project is a component of the overall project, as defined in the Guidelines. However, State prevailing wage law may not necessarily apply to the overall project. The nature and extent of prevailing wage requirements will depend on the financial structure of each project receiving or supported by AHSC Program assistance. **Applicants are urged to seek professional advice as to how State prevailing wage law may affect their application.**
