

ReCoverCA Disaster Housing Assistance Survey for 2017 and 2018 Survivors Is Officially Closed as of July 30th

HCD has officially closed the Disaster Housing Assistance Survey for homeowners affected by 2017 and 2018 disasters as of July 30, 2022. The survey, the first step for survivors interested in the ReCoverCA Owner-Occupied Rehabilitation/Reconstruction Program (OOR), originally opened in Fall of 2020.

Survey respondents submitting after July 30 will not be eligible for 2017 or 2018 OOR funds. Homeowners who did successfully submit a survey before July 30 will be contacted by case managers to complete the full ReCoverCA application after their eligibility is determined. If you have questions, please contact us at (916) 202-1764 or RecoverCA@hcd.ca.gov. Information is available in English and Spanish, and other languages upon request.

ReCoverCA Publishes Updated Program Policies and Procedures

HCD has updated policies and procedures regarding the ReCoverCA housing program. Updates include additional details about construction options and the duplication of benefits process, as well as updated definitions of certain program terms. Applicants interested in learning about the updated policies and procedures can view the “Resources” section of the program website at <https://recover.hcd.ca.gov/>. If you have any questions about the new policies and procedures and how it may affect you, please [reach out to your case manager](#).

The [Resources section of the ReCoverCA website](#) also features helpful FAQs, program overview information, process steps for homeowners, and other information for survivors, community members, and those interested in learning more about ReCoverCA.

OOR Awards Going to Survivors

Homeowners continue to accept their ReCoverCA OOR awards for repairs and rehabilitation remaining from 2017 or 2018 natural disasters. Survey respondents will be invited to complete the full eligibility application based on their location and severity of home damage.

As construction continues in different counties, ReCoverCA program staff will continue to contact applicants with additional forms and required information to continue making OOR awards for rebuilding homes!
