California COVID-19 Rent Relief Program Monthly Report to Joint Legislative Budget Committee – November 2022

Highlights and Milestones

As of the end of November 2022, the California COVID-19 Rent Relief program¹ has provided almost \$5.32 billion in rent and utility assistance to eligible households statewide. Together, the state-administered and locally hosted Emergency Rental Assistance (ERA) programs have helped more than 470,400 California households, nearly 86 percent of which have household incomes at or below 50 percent of the area median.

The state-administered program has, through the end of November 2022, delivered approximately \$4.46 billion in financial assistance to over 357,400 renter households, preventing homelessness and providing stability to approximately 750,000 Californians. Of the \$4.46 billion in assistance, over \$1.64 billion, or 36.8 percent, represents amounts paid with dollars from the state's Cashflow Loan Program.

In addition to the direct assistance provided by the state-administered program, locally administered programs have helped more than 113,000 households by providing more than \$905.8 million in emergency assistance, from state block grants and Cashflow Loan funds. Collectively, the local programs have expended more than 86 percent of the \$953.6 million in ERA1² and ERA2³ block grants the Department of Housing and Community Development (HCD) has disbursed to jurisdictions operating local programs (i.e., Option B).

As noted in previous reports, as it became clear that demand for rent and utility assistance in California exceeded the original federal ERA1 and ERA2 grant awards, HCD submitted requests for additional ERA1 and ERA2 funding to the United States Department of the Treasury (Treasury) at every opportunity.⁴ Through the end of November, HCD had received a total of \$398.8 million of additional federal funding, composed of \$346.7 million under ERA1 and \$52.1 million under ERA2. Two pending requests to Treasury under ERA2 remain open. Additionally, HCD has received over \$60 million of federal ERA1 funds voluntarily reallocated from the initial ERA1 awards to localities.

Several local jurisdictions have also submitted reallocation requests to Treasury. As of November 30, Treasury had reallocated a total of \$63.4 million of ERA1 and ERA2 funds to 15 Option B jurisdictions.

¹ This project is being supported, in whole or in part, by federal award numbers ERA0003 and ERAE0060 awarded to the California Department of Housing and Community Development by the U.S. Department of the Treasury.

² "ERA1" refers to Emergency Rental Assistance awards provided by Treasury pursuant to section 501 of the Consolidated Appropriations Act, 2021.

³ "ERA2" refers to Emergency Rental Assistance awards issued by Treasury pursuant to section 3201 of the American Rescue Plan Act.

Key Achievements

In November, the state's ERA program operator processed 2,620 valid, complete applications, and scheduled assistance payments for these households. Since program inception, the state-administered program has provided 492,942 payments to households. The operations team continues to follow up with applicants from whom additional information is required to make a final eligibility determination.

During the month of November, the state-administered program processed, approved, and paid applications totaling \$16.7 million. To date, of the approximately \$4.5 billion in assistance payments from the state-administered program, approximately 85.8 percent of funds were paid to benefit households at or below 50 percent of the area median income (AMI).

The locally administered Option B jurisdictions reported cumulative expenditures over \$822.4 million in state block grant funds to assist more than 108,000 households. Approximately 87.1 percent of state block grant funds disbursed by local programs aided households at or below 50 percent of the area median income. The programs are shown with their respective performance beginning on page 9.

Cashflow Loans

SB 115 (Chapter 2, Statutes of 2022) provides authority for the Department of Finance to authorize the use of short-term cashflow loans to both the state-administered program and to eligible local jurisdictions administering their own Emergency Rental Assistance programs (Option B jurisdictions) pursuant to Chapter 17 (commencing with Section 50897) of Division 31 of Part 2 of the Health and Safety Code. The Cashflow Loan program is premised on the need for the state and local programs to have sufficient resources to continue to assist pending, eligible applications received by March 31, 2022, in anticipation of additional federal resources being made available.

Despite the \$5.65 billion of funds Treasury provided to California, both for the state-administered program and the Option B jurisdictions, the available funds proved to be significantly short of the demonstrated need to pay eligible applications for rent and utility assistance throughout state and local ERA programs. Due to the time-sensitive demand and pace of payments to eligible households, the state program leveraged the use of short-term cashflow loans, as authorized to continue to deploy emergency assistance starting in March 2022.

As of the end of November, of the \$4.46 billion in assistance provided through the state-administered program, over \$1.64 billion, or over 36.8 percent, represents amounts paid with dollars from the state's Cashflow Loan program. From March 7 through November 30, 2022, the state-administered program received over \$1.64 billion in cashflow loans for assistance payments and fully utilized this amount to make payments to eligible households. Additionally, the state-administered program received cashflow loan proceeds of \$99.4 million to pay administrative expenses, reflecting a total of \$1.74 billion of funds utilized through the Cashflow Loan Program.

Seven Option B jurisdictions submitted formal requests to HCD for \$379.9 million in cashflow loans to continue to provide assistance to households where federal funds would be

exhausted. A total of \$68 million of cashflow loan funds was disbursed to Option B jurisdictions through November. Of the \$45.6 million of Option B expenditures through November, \$41.7 million was utilized for assistance and approximately \$3.9 million for administrative expenses.

In November HCD continued to work with interested Option B jurisdictions to review their demonstrated needs for cashflow loan funds and prepare required documentation. Standard Agreements are prepared for jurisdictions that gained approval from their governing bodies to accept loaned funds. Only after available federal ERA1 and ERA2 funds are scheduled to be exhausted and the need for additional resources is established are cashflow loans provided to Option B jurisdictions.

Fund Recapture and Reallocation

The performance period for ERA1 funds that Treasury disbursed as reallocations allows obligations until December 29, 2022. HCD has obligated the final ERA1 reallocations Treasury disbursed in November and will work to ensure all reallocated ERA1 funds are expended by their respective deadlines.

The recapture of unneeded ERA1 sub-grants and the receipt of reallocated federal awards resulted in changes to the values of ERA1 funds allocated among jurisdictions in comparison to the initial allocations published at the inception of the COVID-19 Rent Relief program. Details of the actual obligations and expenditures by jurisdiction are listed in the section titled Geographic Distribution of Funds beginning on page 9.

Customer Support

Inbound call volumes as well as other workload to the Call Center continued to decrease in November, as reflected on the schedule below. As with previous months, with inbound calls trending down and workload shifting, the state's program operator continued to reduce staffing and realign agents to support other aspects of application processing as well as other priorities including additional funds requests (AFRs) and appeals. The state-administered program maintained Case Management and Call Center staffing levels at 427 personnel as of the end of November to provide resources to address the workload.

Additional outreach attempts to applicants to request information needed to process remaining applications continued to be a priority for both Call Center and Case Management staff in November. As needed, an applicant receives at least three outreach attempts (email, text, phone call) prior to making a determination an applicant is non-responsive. In November, there were 2,076 tenant outreach attempts and 857 landlord attempts for a total of 2,933 for the month.

Prior to March 31, 2022, applicants could request additional funds after receiving initial assistance if the maximum of 18 months of assistance had not yet been provided and subject to the end of the program assistance period of March 31, 2022. A dedicated AFR team processes these requests. As of the end of November 2022, over 108,400 AFRs had been submitted and over 92,000 had been approved. When accounting for ineligible and duplicate AFRs, there was a balance of over 1,200 to address at the end of the report period.

Monthly Report to Joint Legislative Budget Committee – November 30, 2022

Of the 34,531 appeals submitted since program inception, 11,416 were approved, 5,992 were redirected, 2,247 were denied, and 14,876 are yet to be resolved. Redirected appeals represent issues that are not handled through the appeals process but are redirected to the correct team for the needed assistance. For example, through an appeal, if an applicant requests more months of assistance, the request would be redirected from an appeal to the AFR process. Addressing the applications remaining in the queue (both with a case manager and under appeal) will continue to be a priority.

The following schedule reflects selected November metrics:

Incremental Monthly Metrics	8/31	9/30	10/31	11/30
Call Center/Case Management Staff	1,243	1,190	463	427
Inbound Call Volume	138,366	85,284	63,049	46,054

ⁱⁱⁱ Amounts in millions. Starting in March 2022, figures include both federal funds and General Fund. Schedule reflects partial data, does not sum to program totals.

Outreach

The Housing is Key website continues to provide information to landlords, tenants, and community organizations addressing eviction protections, and helps direct tenants to other resources that provide assistance. This includes links for application status and an appeals roadmap which illustrates a step-by-step description of how to file an appeal, within 30 calendar days, upon an applicant receiving an ERAP award notification or denial notice.

The website provides Continuum of Care information, lists all federal Continuum of Care grant recipients in California and provides resources for those currently experiencing homelessness. The Housing is Key website also provides information and links for California's Mortgage Relief Program operated by the California Housing and Finance Agency as part of the state's overall Housing is Key initiative.

Local Partner Network Community Support

The Local Partner Network (LPN) continues outreach to contact applicants needing additional assistance, thereby providing applicants who have been assigned an application task and had not yet responded to that task (e.g., requests for new documents) with further assistance.

The LPN continues to fill the role of applicant advocate for many applicants who have been asked to take action to amend or supplement their application materials. For those applicants or clients who require additional assistance beyond the Emergency Rental Assistance Program, the LPN will continue to connect those clients to local resources, programs, and tenant protections. Over 8,900 applicants and clients were referred to other assistance programs in November; these programs include other utility assistance (e.g., LIHeap), CalFresh or other food resources, homelessness prevention programs, mental health services, Supplemental Security Income (SSI), Social Security Disability Insurance (SDI), and CalWorks.

Statutory Basis for Report

(1) Pursuant to Section 50897.4 of the Health and Safety Code, the Department shall submit to the Joint Legislative Budget Committee, on a monthly basis for the duration of the program, a report that provides programmatic performance metrics for funds administered pursuant to this chapter. The report shall include, at minimum, the following information:

(A) Obligation of funds for assistance provided under this chapter:

- In total, over \$5.36 billion obligated to rent and utility assistance statewide.
- \$4.53 billion in funds obligated from federal ERA1, ERA2, and State General Fund Cashflow Loan for eligible uses related to jurisdictions in the State-Administered Program (Option A) as of 11/30/2022.
- \$992.9 million of the state allocation reserved for use by locally administered programs (Option B) as of 11/30/2022.
- \$923.0 million in State Block Grant funds reported obligated by locally administered programs (Option B) for eligible uses and administrative expenses as of 11/30/2022.

(B) Expenditure of funds for assistance provided under this chapter:

- In total, almost \$5.28 billion expended for rent and utility assistance statewide.
- \$2.82 billion in federal ERA1 and ERA2 funds expended on behalf of jurisdictions in the State-Administered Program (Option A) as of 11/30/2022.
- \$1.64 billion of State General Fund Cashflow Loan expended for rent and utilities arrearage assistance related to jurisdictions in the State-Administered Program (Option A) as of 11/30/2022.
- \$893.1 million in State Block Grant funds reported expended by locally administered programs (Option B) for eligible uses and administrative expenses as of 11/30/2022.

(C) Expenditure by eligible uses for assistance provided pursuant to this chapter:

- All expenditures were applied to eligible uses as listed in the tables provided on the following pages of this report.

(D) Reallocation of funds, if any, for assistance provided pursuant to this chapter:

- Please refer to Fund Recapture and Reallocation beginning on page 3.

(E) Geographic distribution of funds provided pursuant to Section 50897.3 of the Health and Safety Code:

- Please refer to Geographic Distribution of Funds tables beginning on page 9.

(F) For the first monthly report submitted pursuant to this section only, an overview of which jurisdictions have elected to participate in the state rental assistance programs as provided in Sections 50897.2 and 50897.3, respectively:

- This information was provided in the first monthly report, dated June 4, 2021.
